

Primaflow

F&P

WE SIMPLY DELIVER MORE

CYLINDERS FOR EVERY SYSTEM AT PRIMAFLW F&P!

Introducing our Sapphire
Cylinders Range

**10
YEARS
WARRANTY***

**GREAT
VALUE
FOR
MONEY**

*10 Years warranty on the cylinder
with 2 year parts and 2 year on site warranty.

	FEATURES	BENEFITS
INSULATION	50mm CFC/HCFC free fire retardant expanded polyurethane foam with zero ozone depletion potential	Provides high performing insulation to reduce heat loss
CYLINDER MATERIAL	Duplex Stainless Steel	Longer life with reduced chance of breakdown - No anode required
APPROVALS	Kiwa and CE Approved	Fully Certified approved and tested product for peace of mind
VENTED / UNVENTED	Unvented	No cold feed cistern required
EXPANSION VESSEL	External expansion vessel provided	No cold feed cistern required
HEAT EXCHANGER (INDIRECT MODELS)	Internal coil	Good heat up times
SAFETY CONTROLS	Full G3 Safety Controls	
IMMERSION HEATER	Incoloy 'L' Shaped Immersion	'L' shaped to maximise efficiency
WARRANTY	10 Years warranty on the cylinder with 2 year parts and 2 year on site warranty	

ORDER ANY PRODUCT ORDER ANYTIME DELIVERED ANYWHERE

Extensive distribution network for prompt delivery

Big stock levels to ensure key product availability

Personal account management with dedicated contact

CYLINDERS FOR EVERY SYSTEM

Introducing our Main Heating Cylinders Range

25 YEARS WARRANTY*

Duplex Stainless Steel for longer life

High performing insulation to reduce heatloss

MAIN HEATING

*25 years warranty on the cylinder, 2 year parts and 2 year on site warranty.

	FEATURES	BENEFITS
INSULATION	50mm CFC/HCFC free fire retardant expanded polyurethane foam with zero ozone depletion potential	Provides high performing insulation to reduce heat loss
CYLINDER MATERIAL	Duplex Stainless Steel	Longer life with reduced chance of breakdown - No anode required
APPROVALS	Kiwa and CE Approved, G3 and Part L (England and Wales), Section 6 - Energy and Section 4 Safety (Scotland), P4 (Northern Ireland)	Fully Certified approved and tested product for peace of mind
VENTED / UNVENTED	Unvented	No cold feed cistern required
EXPANSION VESSEL	External expansion vessel provided	No cold feed cistern required
HEAT EXCHANGER (INDIRECT MODELS)	High performance coil in coil Heat exchanger	Good heat up times and performance
SAFETY CONTROLS	Factory fitted T & P valve set at 10 bar / 90°C. Cylinder Thermostat set at 60°C. Supplied with 2 port motorised valve. Supplied with water control valve	
IMMERSION HEATER	Incoloy 'L' Shaped Immersion	'L' shaped to maximise efficiency
WARRANTY	25 Years on the cylinder, 2 year parts and 2 year on site warranty	

Introducing our Megaflo Cylinders Range

LIFETIME WARRANTY*

Duplex Stainless Steel for longer life

megaflo

BY HEATRAESADIA

*Lifetime on cylinder in domestic applications, 2 years on other parts.

	FEATURES	BENEFITS
INSULATION	60mm CFC/HCFC free fire retardant expanded polyurethane foam with zero ozone depletion potential	High Heat retention and best in class minimal heat loss
CYLINDER MATERIAL	Duplex Stainless Steel	Longer life with reduced chance of breakdown - No anode required
APPROVALS	Kiwa and CE Approved	Fully Certified approved and tested product for peace of mind
VENTED / UNVENTED	Unvented	No cold feed cistern required
EXPANSION VESSEL	Internal floating baffle	No external expansion vessel, so installation is quicker and easier saving time on site
HEAT EXCHANGER (INDIRECT MODELS)	Internal coil in coil	Good heat up times
SAFETY CONTROLS	Full G3 Safety Controls	3 Piece system gives improved flow at low water pressures. Quick and accessible maintenance
IMMERSION HEATER	Titanium 'L' Shaped Immersion	Gives peace of mind in any challenging applications
WARRANTY	Lifetime on cylinder in domestic applications, 2 years on other parts	Total peace of mind
