### WATER CONTROLLERS

The next generation water controller,  
control your water any time, any place,  
any where.

#### Water just got Smart

The new Surestop I-Watercontrol system enables homeowners to control water any place at any time.

The system enables multiple Surestop valves to be paired to a single hub giving zonal control in the property, or add multiple hubs to the web portal to control multiple properties.

#### Surestop I-watercontrol valve and remote controller\*\*

- External Control 24/7
- Web portal and smartphone app for immediate access
- Installation on plastic or copper pipe
- Replacement for brass stopcocks
- Multiple installation within one building\*

#### Surestop I-watercontrol valve and remote controller with leak detector\*\*

- All the above benefits
- Wifi water leak detection
- Sensor cable giving larger detection area
