“ Re imagine your bathroom with our curated collection of exquisitely coloured furniture. From serene green to classic white, each piece is meticulously crafted to elevate your space. Designed for versatility, our diverse size options ensure a perfect fit, regardless of your bathroom’s dimensions. Additionally, flawlessly matching basins create a cohesive aesthetic, elevating both form and function. Unleash your creativity and discover endless possibilities for a truly personalised sanctuary. ”

Helena - Gloss White

“ A classic, gloss white furniture range that will suit any bathroom or ensuite. Choose your look with modern or classic basin options. ”

Compacts range

Adding an extra WC or creating a compact bathroom doesn't have to mean major building work, and it's possible to do even where gravity drainage isn't an option.

The Sanicompact and Saniflush offer practical, space-saving solutions, and are ideal for loft conversions, under-stair cloakrooms, garage conversions, garden rooms and multigenerational living spaces.

Sanicompact

38106901

The Sanicompact is a sleek all-in-one WC with an integrated macerator, designed for projects where space is limited and traditional drainage isn't practical.

Quick to install and requiring no concealed cistern, the Sanicompact helps save both installation time and valuable room space, making it a smart solution for retrofit projects and smaller properties. The Sanicompact requires 1.7 bar dynamic incoming water pressure (i.e. measured whilst the water is flowing into the Sanicompact and not static pressure).

Key features

- No cistern to make the most of the smallest spaces
- Automatic push-button flush
- Water saving flush system
- Soft-close toilet seat
- Wash basin inlet
- Pumps up to 3 m vertically or 30 m horizontally

Saniflush

381009

The Saniflush is an all-in-one toilet, cistern and macerator, allowing for the addition of contemporary bathroom spaces without extensive building works.

Ideal for renovations, extensions and compact bathrooms, the Saniflush offers a clean, space-saving finish while helping reduce installation time and disruption.

Key features

- All-in-one toilet, cistern, and macerator
- Easy to clean rimless ceramic bowl
- Dual flush push button
- Soft-close toilet seat
- Two inlets for connection to wash basin and shower
- Pumps up to 5 m vertically or 100 m horizontally

Evolve - Shower Bath

Allowing for more space in your bathroom, this alternative 1700x750mm shower bath with its rectangular design is guaranteed to take up 100mm less space compared to the traditional L and P shaped shower baths. However, also boasts only 60mm less internal showering space.

The Evolve can be installed with a standard shower screen and front panels, and therefore doesn't require a shaped screen or dedicated panel.

Code	Description	Price
352761WH	Evolve Showerbath 1700x750mm	£391.57

*Standard Bath Screen and Panel can be used

- Single Ended Bath

In 1759, the original Carron Company formed the now-famous ironworks on the banks of the River Carron. The company rode the wave of the Industrial Revolution and was famed for their short-barrelled naval cannons, Carronades, used by the Royal Navy up until the 1850s.

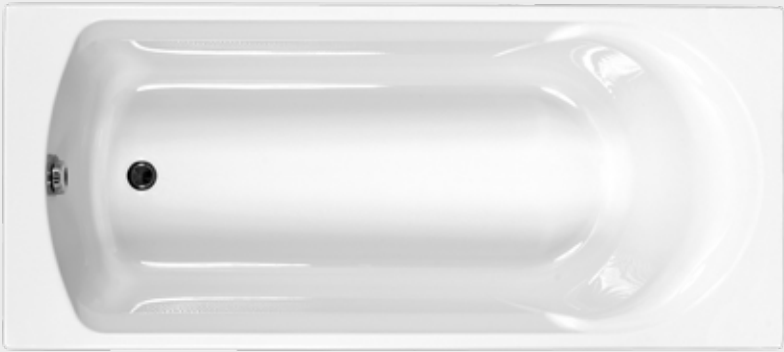

Since then, we have been at the forefront of modern bath design and as techniques change and new processes emerge, Carron Bathrooms can still be relied on to produce baths with skill and precision, never losing sight of what makes our baths great, craftsmanship.

All our baths go through an eight-stage process before leaving the factory floor. From moulding to packaging, every stage is monitored and finished by hand. This leaves us so confident in our products that we offer a minimum 30-year guarantee on every Carron bath.

Carronite™ was created by Carron Bathrooms to provide a higher level of comfort, luxury and peace of mind for our customers. All Carron Bathrooms baths are hand finished to our exacting standards but only Carronite™ baths, with our unique, patented, triple-layer reinforcement system come with a 40 year guarantee – proof of the confidence we have in Carronite™

MX Anti Slip Shower Trays

The Anti Slip Elements tray lends itself to the latest bathroom trends and achieves all the benefits of a solid cast stone tray. The new Anti-Slip surface is easy to maintain and provides a safer, stable showering experience. Ease of installation is achieved with a contoured underside for leg location.

Features

- 40% lighter than a high wall stone resin tray
- A simple stylish tray which delivers high quality looks and functionality
- MX Anti-Slip material, tested in accordance with British Standard BS7976:3 Pendulum slip test
- The sleek Low Profile design is available in many special shapes and sizes
- Suitable for most types of enclosure
- Complies with BS EN 14527

Features & Benefits of ABS acrylic capped trays

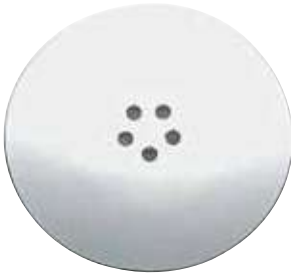

Construction:

1. Acrylic Capped ABS (Acrylonitrile Butadiene Styrene) Stone Resin filled
2. Designed for durability, support and ease of installation
3. Made in the UK
4. 40mm high with 90mm waste

Advantages:

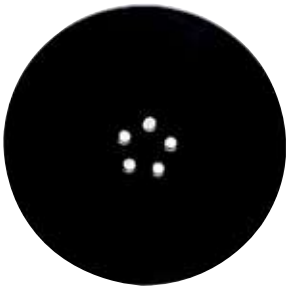

- **Durability:** Resistant to cracking, flexing, or warping.
- **Size & Shape:** Traditional squares and rectangles to quadrants and offset quads
- **Warmth:** Naturally warmer to the touch than Gel Coat, providing comfort underfoot.
- **Non-Porous:** Unlike natural stone, stone resin is completely waterproof and stain-resistant, ensuring trays stay beautiful for years.

“ Transform your bathroom with the art of drying: Introducing the Fresssh Towel Rail Collection.

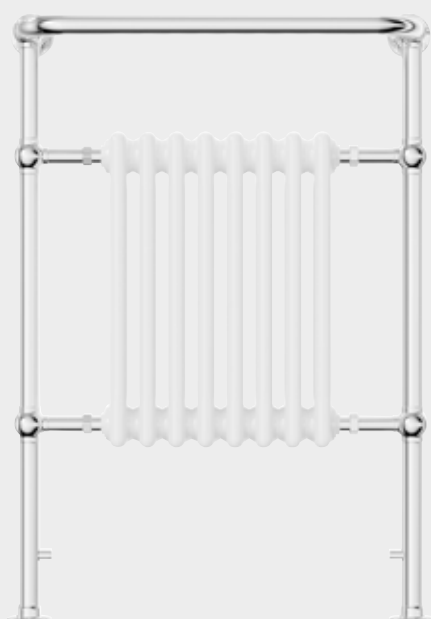

From the mundane task of towel storage to the elevated realm of design, our elegant collection offers a touch of sophistication to every bathroom. Whether you seek classic chrome's timeless appeal, the crisp purity of white, or the modern edge of grey, you'll find the perfect towel rail to complement your space. ”

Traditional Towel warmers

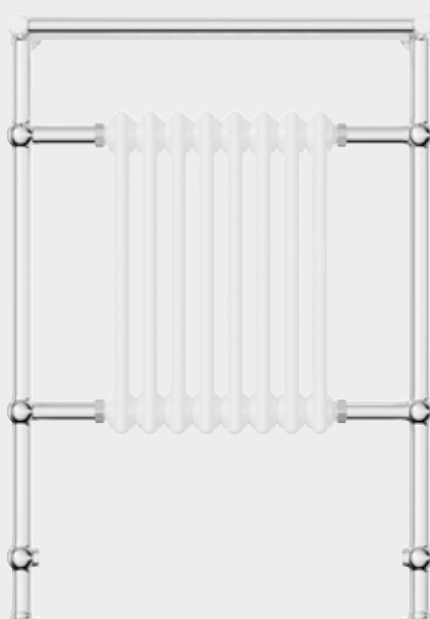

Create a timeless look, with these traditional towel rails a perfect match for our Ailis bathroom Suite and combined with a High level Toilet, it's bound to make a real statement.
