ABOUT US

A brand you can trust

The origins of Primaflow F& P date back to the 1960's, and in that time we have built a reputation for the supplying of high quality plumbing and heating materials. From traditional copper and brass components to our ranges of luxurious bathroom and kitchen fittings.
The consistent themes are value and reliability.

MAKE **YOUR** JOB **EASIER** WITH

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

ISOLATION VALVES

Isolating valves

Primaflow F&P offers a variety of isolation and service valves in plain brass and chrome finish, from the economy pattern, the fully featured IsoPlus range to the WRAS approved ranges.

All compression ends to BS EN 1254-2.
Full flow valves comply with BS 6675.
Operating pressure of 4 bar.

RADIATOR VALVES

Radiator valves

Primaflow F&P's radiator valves range from the functional to the luxurious. Choose from basic Optima or Crestalux valves with rising stem or the BS 2767-10 Optima Plus. Primaflow F&P offers angle and straight patterns with an integral draw off option.
For energy efficiency and comfort Primaflow TRVs are available in straight or angle pattern with standard white or chrome plated heads. The PRO TRV offers an economic alternative for contract work. Optima towel warmer valves add a quality touch to any bathroom whether contemporary, traditional or minimalistic in style.

GEBERIT MAPRESS COPPER

Geberit Mapress Copper

Geberit Mapress can be used to fit supply systems including heating, cooling, gas & potable water. Press connection technology is fast becoming one of the top installation methods of choice for installers looking for a speedy, reliable turnaround on projects while also reducing risk on-site. Requiring no adhesives, solvents or hot works, the press fit connections can be easily rotated into tight spaces; particularly useful on retrofit projects.

GEBERIT

GEBERIT PRESSING TOOL TECHNOLOGY

AN EASY AND RELIABLE INSTALLATION

KNOW HOW INSTALLED

Geberit pressing tools are compact, lightweight and convenient. The highly efficient electro-hydraulic functions are recommended for quick and efficient results on all dimensions, making them the perfect choice to fit Geberit Mapress.

Geberit Mapress is easy to install with no hot works or costly one-hour cooling down period, our advanced press-fit solutions offer leak-free, hassle-free installation and long term performance. Overall a great solution to save you time and money.

GAS FITTINGS & VALVES

Gas fitting & valves

Metrogas compression gas cocks and mini lever ball valves suitable for both natural gas & LPG are CE Approved to EN331 and have compression connections to BS EN 1254. Metrogas mini lever ball valves are also suitable for class C2 and D fuel oils to BS 2869 (excluding petrol).

SEMI RIGID GAS PIPE

- New generation stainless steel semi rigid gas pipe
- Allow long "joint free" lengths from gas meter to appliance
- Ugrades supply line to DN22/28/32
- Suitable for installations up to 500 mbar
- Durable, lightweight & bendable by hand
- Easy to install with no threading or flames
- Patented Autoflare® fittings integrate to traditional materials

Replacing a gas boiler has never been easier!

Essential fire protection for oil boilers
- BS 5410 part 1
- OFTEC approved = compliant with OFS E101
- Non-electric manual reset safety valve
- Fail safe design
- Remote sensing up to 20m
- Suitable for class C & D fuels
- Suitable for LPG up to 3kw max appliance rating
- Bio fuel compatible
- 3 year warranty • British made

OIL PIPE & FITTINGS

- Fit tanks at ground level
- No return line needed
- Supply pipe installation is simpler and cheaper
- Less sludge in the system, reducing the risk of nozzle clogging
- Fault-finding is easier because you can see the oil flow in the Tiger loop

CODE	DESCRIPTION	MANUFACTURERS CODE
TIGER LOOP DE-AERATOR		PG.O
410 05 037	Tiger loop	TL6000

Tiger loop BIO can be used with bio-liquids produced to standards such as BS EN 14213 and bio-liquid / mineral fuel blends. Suitable for indoor installation.

CODE	DESCRIPTION	MANUFACTURERS CODE
TIGER LOOP DE-AERATOR		PG.O
410 05 021	Tiger loop BIO	TL7000

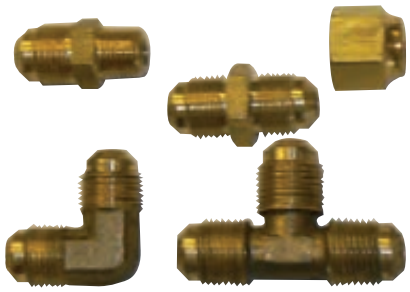

- Trouble free operation due to automatic de-aeration
- No unnoticed leakage in the return line
- Suitable for fuel oil EL (DIN 51603-1), diesel fuel (EN 590), biofuel (EN 14213) and biodiesel (EN14214)

CODE	DESCRIPTION	
AUTOMATIC FUEL OIL DE-AERATOR		PG.O
410 05 035	Flow control 3/K-1	

For use in domestic, commercial and industrial boilers for all grades of fuel oil.

For the uplift of fuel such as kerosene or diesel from the main tank into an incoporated reservoir. This creates a head of oil providing a gravity feed into the appliance. Complete automated unit includes pump, reservoir, float switches and non return valve.

- Fixed pressure
- Factory set
- Max 1.5m negative head
- Diaphragm anti siphon valve
- Anti spill valve
- Non return valve, 50 micron filter
- Silicone suction tube
- Floating suction head
- Purging / priming button
- Tank inlet fitting 1" BSP
- Totally weatherproof

Primaflow HE pump warranty

Primaflow pumps are guaranteed for a period of 2 years from the date of installation subject to the return of a fully completed warranty card within 15 days of installation date.

If the warranty card is not returned promptly the warranty will expire 2 years from the date of manufacture.

The warranty is void in cases of incorrect installation, physical damage or other abuse.

Full warranty details available on request.

Technical specifications

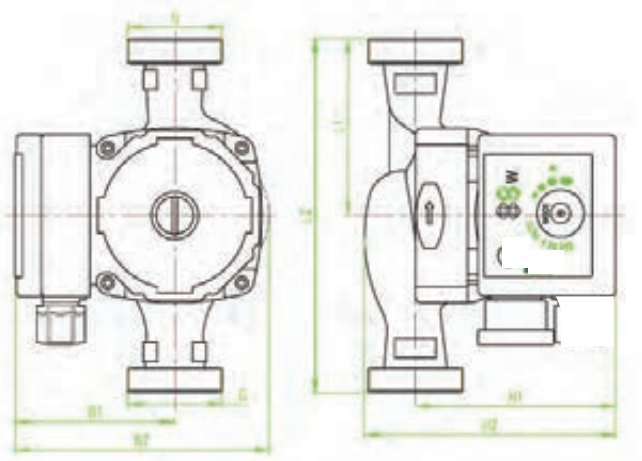

Voltage	230V +6% / -10%, 50Hz, PE	
Protection	No external protection	
Protection grade	IP42	
Insulation class	H	
Air humidity	Max 95%	
System pressure	1.0 Mpa	
Inlet pressure	Liquid temp	Min pressure at Inlet
	<75°C	0.05 MPa
	<90°C	0.025 MPa
	<110°C	0.108 MPa
EMC standard	EN61000-6-1 and EN61000-6-3	
Acoustic level	<42dB (A)	
Ambient temperature	0°C to 40°C	
Temperature grade	TF110	
Surface temperature	<125°C	
Liquid temperature	2°C to 110°C	

In order to prevent condensation inside the control box and stator it is recommended the water being pumped is always at higher temperature than the ambient temperature.

Ambient temperature (°C)	Minimum pumped temp (°C)	Maximum pumped temp (°C)
0	2	110
10	10	110
20	20	110
30	30	110
35	35	90
40	40	70

It is recommended that the water in domestic hot water systems is kept below 65°C to reduce the risk of scalding.

Dimensions (in millimetres)

Model	L1	L2	B1	B2	H1	H2	G
HE-5	65	130	82	130	103	130	1.1/2”
HE-6	65	130	82	130	103	130	1.1/2”
HE-V	65	130	82	130	103	130	1.1/2”

CONTROLS

- For domestic and semi commercial applications
- Maximum inlet pressure 16 bar
- Maximum working temperature 65°C
- Outlet adjustment range 1 – 6 bar
- WRAS approved
- Reduces system noise by regulating pressure between flow and return pipes

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

Available in **Brilliant White** & **Super Clear**

ANTI-FUNGAL | DURABLE | FAST CURING | HIGH STRENGTH GRAB | BONDS IN THE WET | INTERNAL AND EXTERNAL USE | LOW ODOUR | SOLVENT FREE | PAINTABLE | UNIQUE FORMULA

FLEXIBLE SOIL AND WASTE COUPLINGS

PG.PS

Flexible soil & waste couplings

Applications:

- For domestic, commercial or aquatic low-pressure applications only
- To connect plain ended pipes of the same or different diameters
- To make repairs to damaged pipework by using short sections of pipe plus VIPSealPlumb EPDM fittings
- End caps are perfect for permanent cleanouts or temporary protective caps to prevent ingress of dirt and can also be used for air testing by inserting a nipple connection (not supplied).

Benefits:

- Suitable for above and below ground (non-adoptable) installations (excluding tees & elbows).
- Fast and multipurpose range of products for many domestic drain, waste, vent and commercial plumbing applications.
- Commercial kitchens- suitable for high temperature "shock" discharge e.g dishwasher
- A watertight seal
- Perfect for repairs, whether this is permanent or temporary
- VIPSealPlumb EPDM is a "flexi-fit" fitting to be installed on any pipe material
- Easy to install, no special tools required using a torque wrench, screwdriver, nut driver or socket
- Ideal for working in tight or confined spaces. E.g under a basin, sink, bath etc.

FloPlast
WC connectors & air admittance valves

- Removal of unsightly ventilation stack.
- Removes the need for the installer to work & handle pipe above the roof line. (Working at height and manual handling requirements).
- Reduced installation time.
- Materials cost saving - bends, pipe, vent cowl.

KM 512474 BS EN 12380:2002

building the future

NEW ANTHRACITE GREY

110mm RING SEAL SOIL AND 32/40mm ABS SOLVENT WELD SYSTEMS

110mm Ring Seal Soil

- Manufactured to BS EN 1329-1, BS4514 and BS EN 1453-1 from PVC-U material to give a strong and durable product suitable for high temperature discharge.
- Provides an efficient means of waste water drainage and foul drainage from appliances.
- Comprehensive range of fittings.
- Lightweight and easy to work with.
- Consistent in gloss and colour.
- Push-Fit ring seal joint.
- Colour matches our existing Anthracite Grey ranges.

32/40mm ABS Solvent Weld

- Manufactured to BS EN 1455-1 from ABS material to give a strong and durable product suitable for high temperature discharge.
- Light weight yet strong and cost effective option.
- Consistent in gloss and colour.
- Easy to install and low maintenance.
- Comprehensive range of fittings.
- Solvent weld joints.
- Colour matches our existing Anthracite Grey ranges.

FloPlast MDPE BLUE COMPRESSION SYSTEM

PG.F

FloPlast MDPE Blue Compression System

MDPE compression fittings are manufactured to BS EN 12201.

Features

- High impact resistant body and nut which enables it to absorb thermal and mechanical stress
- The fittings have a co-polymer polypropylene body, nut & thrust ring, acetal grab ring and nitrile seal
- Excellent pressure resistance, tested to 48 bars. Comfortably exceeds the performance requirements of UK water bylaws scheme

Underfloor UNDERFLOOR HEATING CONTROLS

PG.J

Underfloor

Underfloor heating controls

JG Underfloor Controls sleek and stylish thermostats make regulating underfloor heating systems quick and easy.

The JG Underfloor wired and wireless underfloor heating controls range also offers the option of radio-frequency control, eliminating the need for further wiring from the thermostat to the wiring centre. All thermostats, when used with the JG Underfloor Controls Gateway, can be operated anywhere at any time using the free JG Underfloor app.

JG Speedfit should not be used for gas, fuel oil or compressed air applications

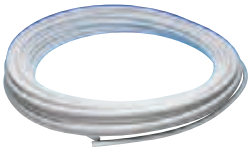

JG Speedfit® PEX & Polybutylene Pipe

JG Speedfit fittings have been designed for use with both plastic and copper pipe, in diameters of 10mm to 28mm, and are approved by the Water Research Centre within the requirements of the UK Water Fittings Byelaws Scheme.

The twist and lock speedfit fittings have a collet with stainless steel teeth and an 'O' ring to provide a permanent leak-proof seal. A simple twist of a screw cap locks the pipe into position and increases the compression on the 'O' ring seal to give added security.

JG Speedfit products are fully certified by the British Board of Agreement, approved by the Water Regulations Advisory Scheme, and are kitemarked to BS7291, Parts 1 and 3.

- Mains fed and indirect cold water systems
- Vented and unvented hot water systems
- Vented central heating systems
- Sealed central heating systems provided temperatures and pressures comply with BS7291 Parts 1 and 3 Class S

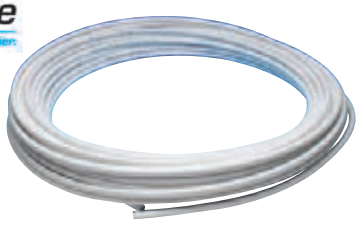

British Gas accepted for water pipe in vented and sealed central heating systems

WE SIMPLY DELIVER MORE

MAKE **YOUR** JOB **EASIER** WITH

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

Polybutylene Pipe

Hep2O flexible push fit plumbing has been developed in response to installer feedback, and has a number of unique and innovative features and benefits including;

- In4Sure joint recognition – tells you when the pipe is in.
- Secure demounting with the new HepKey system.
- New, improved SmartSleeve stays captive in the pipe.
- 50 year industry leading Guarantee.
- Flexible pipe which comes off the coil straight.

Hep2O is Kitemarked to Class S of BS 7291, parts 1 and 2 and is manufactured within a Quality Management System which satisfies BS EN ISO 9002. Hep2O is also approved by WRAS – deemed safe for use in the supply of drinking water.

Hep2O Guarantee

As a result of its rigorous Quality Management programme, Hep2O carries a 50 year guarantee against defect in materials or manufacturing of all its pipe and fittings. Prices are for individual items within a pack unless otherwise stated.

PLASSON® FITTINGS FOR MDPE PIPE

WRAS

Fitting for MDPE Pipe

Plasson mechanical fittings for Polyethylene pipe have been in continuous use for over 50 years providing safe and reliable connections for water mains throughout the world. The fittings have been tested and approved by WRAS to PN16. The captive 'O'ring seal provides lifetime protection against leakage and requires hand tightening only to achieve a seal for 20mm, 25mm and 32mm MDPE. The system is designed for connection to many pipe types and materials providing compatibility with existing systems. The fittings are made from virgin Polypropylene for immense impact strength and stress resistance.

Compression fittings for metric polyethylene pipes

The new **PolySoil®** range

40 Years of innovation

Stronger Together

With single-piece moulded construction and unique blue integrated Ring Lock Seal, each of the fittings in the new Polypipe PolySoil® range provide long-life performance for the most demanding applications and added peace of mind.

polypipe.com/polysoil

Polypipe **Traps** range

Fit-Rite technology for easy fitting

Polypipe's Trap range has been engineered incorporating our unique Fit-Rite technology to help get the job done quickly. It's easy to fit, easy to remove and is part of the only range of traps on the market with Kitemark™ Accreditation.

PolyPlumb. It just works.

With exceptional joint integrity and a robust construction, PolyPlumb is our original tried and tested, grey plumbing fitting. From its high-performance stainless steel 'grab' ring to its recognisable colour, it's totally unchanged, unimproved. Perfect.

polypipe.com/polyplumb

Polypipe

INSTALL QUICKLY WITH NEW OVERLAY™ PLUS

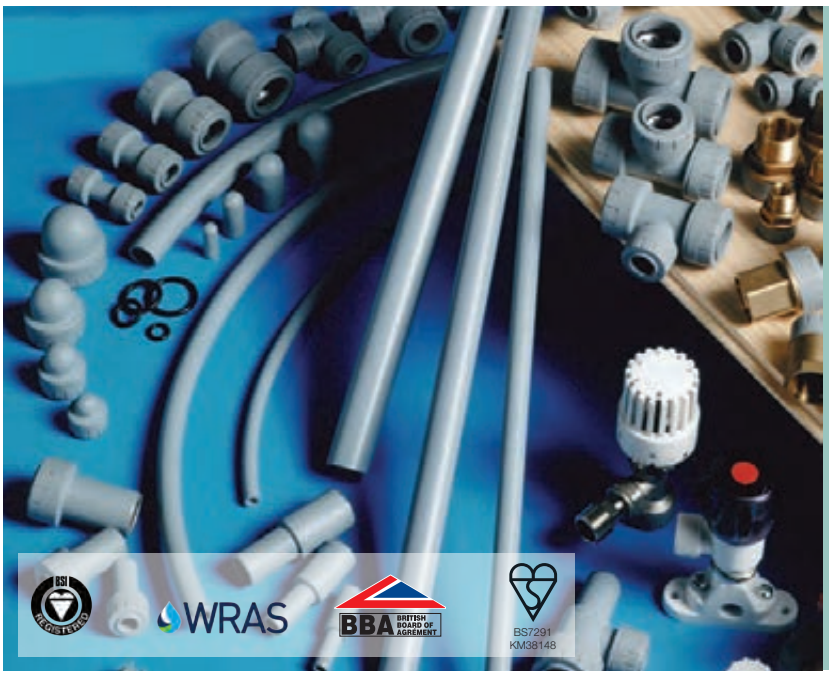

Engineered for faster installation, our new Overlay™ Plus underfloor heating system features larger panels that weigh just 1.2kg and are only 18mm thick. Fewer, lighter panels. Quicker, simpler installation.

And whilst reducing downward heat loss, the system increases upward heat output. Winner!

polypipeufh.com/overlayplus

Polypipe
Underfloor Heating

POLYPLUMB POLYBUTYLENE PLUMBING SYSTEM

PolyPlumb is our original, tried and tested, grey plumbing system. Robust and reliable, PolyPlumb has stood the test of time. PolyPlumb fittings feature a one step jointing process and a high performance stainless steel grab ring within the fitting, ensuring superb joint integrity. Use PolyPlumb with Polypipe grey polybutylene flexible pipe, or you can combine PolyPlumb fittings and copper pipe. We recommend the use of a Polypipe metal or plastic pipe stiffener when used with plastic pipe.

PolyPlumb is suitable for use in most plumbing and heating installations including hot and cold water, central and underfloor heating applications. PolyPlumb polybutylene barrier pipe, fittings and accessories are covered by BBA Certificate No 00/36, approved by the Water Regulations Advisory Scheme for use with drinking water and are kitemarked to Class S of BS7291 Part 1 and Kitemark Licence Number 38148 to BS7291 Part 1 & 2.

Talbot *Pushfit* FITTINGS FOR MDPE PIPE

PG.PU

Fittings for MDPE Pipe

The Talbot Pushfit joint is a tried and tested method of jointing low, medium and high density polyethylene water pipe from, 16mm to 180mm and their imperial equivalents.
The fitting is quick and easy to use with no nuts to leave undone - simply push the pipe into the joint.
The joint's grip and seal on the pipe increases with water pressure and tensile load which means that the pipe will burst or neck before the joint fails.
Using a common body and only two sets of interchangeable components, Talbot Pushfit will connect to metric PE pipes and their imperial equivalents.

Flexible connectors – soil & waste

For the renovation of liquid waste drainage in private houses and blocks of flats. Resists pressure of 1 bar (equals 10m high column of water). 5 year guarantee.

CODE	SIZE
MAGICFLEX® - FLEXIBLE SOIL PIPE CONNECTOR	
• Solvent weld • Length: 484mm • 5 year guarantee	
620 35 196	4"

The Jollyflex pan connector can adapt to almost all situations. Spigot can be solvent welded, pipe in pipe or pushed directly into a branch. Smooth inner wall for optimum flow.

CODE	SIZE
JOLLYFLEX FLEXIBLE WC CONNECTOR	
• The Jollyflex flexible pan connector provides a compressible solution • Drain connector: solvent weld Ø103/Ø106/Ø110 • Smooth inner wall for optimum flow	
620 35 164	280 - 420mm

Adapts tlet diameters of between 80mm & 105mm. Connecting diameter 104 to 110mm with fins & 93/100/110mm solvent weld. Perfect for tricky installations.

CODE	SIZE
JOLLYFLEX EXTENDABLE WC CONNECTOR	
• A Flexible and extendable solution - perfect for tricky installations. • Universal drain connector: push fit Ø104/Ø110, solvent weld Ø93/Ø100/Ø110 • Smooth inner wall for optimum flow	
620 35 156	260 - 650mm

Both sizes feature a female nut on each end (which would fit a waste) and can be formed into any shape or trap to overcome almost any problem. Due to the unique design and flexibility holds all shapes formed without the need for clips or brackets.

CODE	SIZE
EXTENDABLE WASTE CONNECTOR	
Extendable waste connector which can be formed into any shape or trap to overcome almost any problem.	
620 35 180	32mm: 270-700mm
620 35 188	40mm: 270-720mm

- screw top for fast access
- press open / press close
- 5 year guarantee

CODE	SIZE
QUICK CLAC BATH WASTE & TRAP	
• Easy operation: press to open / close • 700mm overflow cable • 5 year guarantee	
820 75 306	40mm Quick Clic bath waste & trap

- Compact design (only 58mm under shower tray)
- Chrome plated ABS dome
- 43/50mm outlet waterless membrane

CODE	SIZE
SLIM 90MM - THE FLATTEST WASTE ON THE MARKET, ONLY 40MM HIGH UNDER THE TRAY!	
• No bad smells - membrane prevents back siphoning • Easy to maintain: Top access membrane with removable filter • Universal outlet: Ø40-43 compression, 1/1/2" solvent weld • 5 year guarantee	
820 75 339	ABS dome

Waterless traps for baths, basins, bidets, urinals & sinks.
- Extra slim to save space
- Supplied with threaded elbow
- 5 year guarantee

CODE	SIZE

MAKE **YOUR** JOB **EASIER** WITH

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

TROJAN CAST

Incredibly strong reinforced acrylic baths

Insulating Properties
'Flow coat' jacket covers the entire underside of the bath adding real strength and insulating properties. This keeps your bath water hotter for longer.

Intensive Reinforcement
Trojancast is an intensive reinforcement process resulting in each bath being incredibly strong and hard-wearing.

Reminiscent Assurance
Trojancast gives you the reminiscent assurance of an old cast iron bath but with the natural warmth and quality our acrylic baths have.

carron

In 1759, the original Carron Company formed the now-famous ironworks on the banks of the River Carron. The company rode the wave of the Industrial Revolution and was famed for their short-barrelled naval cannons, Carronades, used by the Royal Navy up until the 1850s.

Since then, we have been at the forefront of modern bath design and as techniques change and new processes emerge, Carron Bathrooms can still be relied on to produce baths with skill and precision, never losing sight of what makes our baths great, craftsmanship.

All our baths go through an eight-stage process before leaving the factory floor. From moulding to packaging, every stage is monitored and finished by hand. This leaves us so confident in our products that we offer a minimum 20-year guarantee on every Carron bath.

carronite™

Carronite™ was created by Carron Bathrooms to provide a higher level of comfort, luxury and peace of mind for our customers. All Carron Bathrooms baths are hand finished to our exacting standards but only Carronite™ baths, with our unique, patented, triple-layer reinforcement system come with a 30 year guarantee – proof of the confidence we have in Carronite™

SECURESEAL • BATHSCREENS

SecureSeal by MERLYN

The SecureSeal by Merlyn has been designed with a leak free sealing arm which extends from the profile to create a complete seal between the bath and screen. When not is use, the arm simply folds away back into the profile.

HOW IT WORKS

MX ANTI SLIP SHOWER TRAYS

The Anti Slip Elements tray lends itself to the latest bathroom trends and achieves all the benefits of a solid cast stone tray. The new Anti-Slip surface is easy to maintain and provides a safer, stable showering experience. Ease of installation is achieved with a contoured underside for leg location.

WE SIMPLY DELIVER MORE

MAKE **YOUR** JOB **EASIER** WITH

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

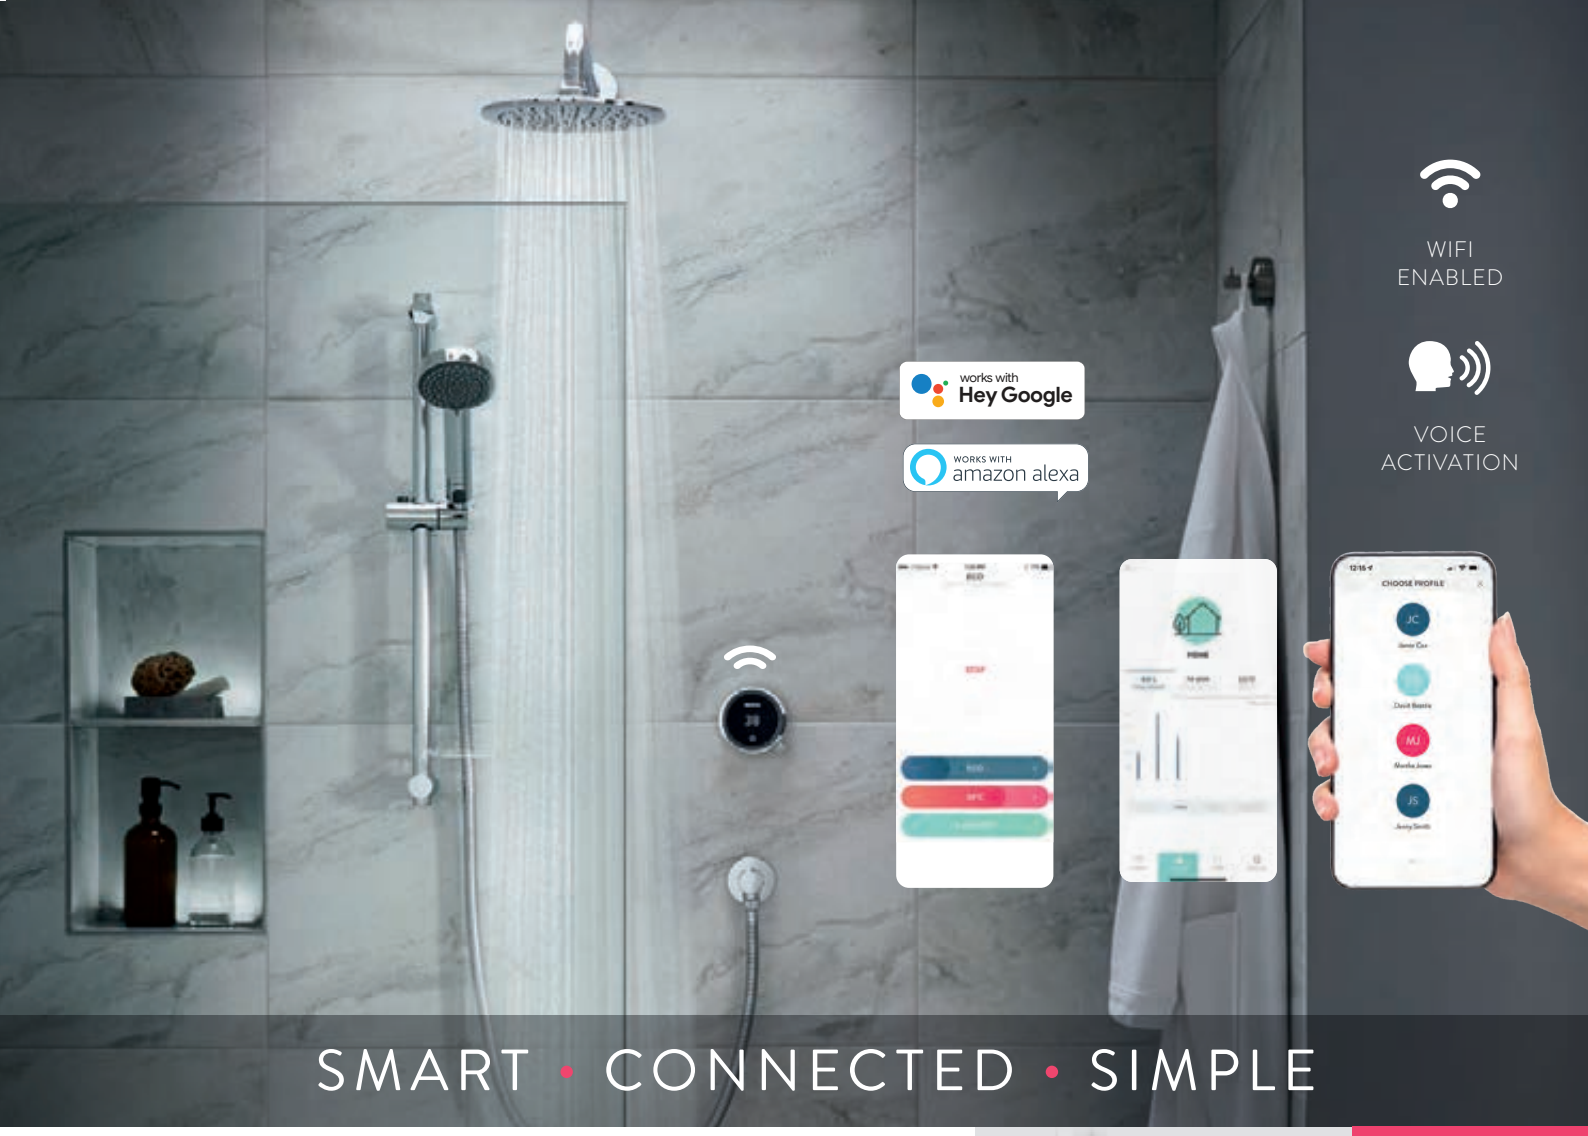

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

www.primaflowfandp.co.uk

Offering full connectivity to the smart home, our Smart Showers combine the precise electronic control of a digital shower with the modern convenience of voice and app activation.

Delivering an enhanced and sensational showering experience, Aqualisa Smart Digital Showers are the perfect accompaniment to the family home thanks to additional features including water saving and temperature safety. Create a truly personalised shower which you can repeat at the touch of button.

- **Start your shower with your voice**
- **SmartValve™ technology for precise control**
- **Set profiles and track usage with ShowerMe™ App**

AQUALISA

QUARTZ™ COLLECTION

NEW

Also available as a retrofit solution.

Our new Quartz™ Smart Retrofit Shower allows you to easily upgrade your current mixer shower to a Quartz™ Collection

FIND THE RIGHT PUMP USING THE
GRUNDFOS SHOWER PUMP SELECTOR TOOL
www.grundfos.co.uk/shower

STR2 **AMAZON**

Whether the requirement is for a new shower pump or to replace an existing one the Grundfos on-line pump selector tool will guide you through the selection process. The first thing that needs to be established is, what is the demand. This is done by working out the number of people who will be using the shower, as well as the frequency of use.

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

The easy upgrade for your new kitchen project

"Loving our InSinkErator food waste disposer! It's very quiet to run and no more food waste bins to deal with. Great addition to our kitchen."

Sufiah Wallace
5 star Trustpilot rating

★★★★★ Trustpilot

insinkerator.co.uk

As the world leader in food waste disposer technology our award winning products are convenient, hygienic, safe and easy to install. Plus they come with warranties for peace of mind. Installing one means no more mess, smells, insects or bacteria from rotting food waste in kitchen bins. They also divert food waste from landfill, helping to ensure a better future for all of us.

Our compact Model 46, Model 56 and Model 66 food waste disposers are especially made for smaller cupboards and are suitable for all budgets.

Perfect alternative to the food waste caddy

In an attempt to boast recycling and protect the environment, the Government has announced separate food waste collections for every UK household by 2023. Separate food waste collection does mean smelly food waste collection in your food waste caddy.

Installing an InSinkErator® food waste disposer allows food waste to be disposed of instantly, eliminating the need to use an unhygienic food waste caddy.

MANROSE® FAN EQUIPMENT

Manrose are a well established UK manufacturer of ventilation and fan equipment with products to offer a solution to all of your requirements.

- Axial fans are designed to move air over short distances i.e. window fixing or through mounting and are not suitable for ducting over 2m in length.
- Centrifugal fans are designed to move air over longer distances and will perform against pressure caused by long lengths of ducting and resistance by grilles.
- A range of humidistat controlled fans are available and these are designed to monitor humidity and switch on as appropriate.
- All Manrose fans come with a 2 year no quibble guarantee (for advice and suitability for installation please call their technical helpdesk on 01753 691 399.
- Designed to comply with the Building Regulations on Ventilation (F1)
- All fans are manufactured using high ABS thermoplastics for strength, durability and easy cleaning.
- Quiet and efficient.

All Manrose fans come packaged for easy hanging and display (unless stated otherwise).

Features of Domus duct systems.

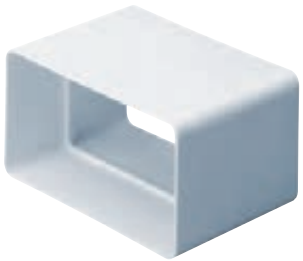

- Flat channels are manufactured with high quality tooling to exacting tolerances ensuring uniform shape and an engineered fit enhancing system performance.
- Lightweight with simple push fit connections for ease of installation.
- Wide range and unique products ensure that the quickest, most efficient and cost effective solution can be achieved.
- Products are independently tested by BSRIA for air flow performance.
- Wall outlets made with UV-stabilised materials which reduce colour fade.

STADIUM VENTILATION

PG.V

Stadium Ventilation is the UK market leader for ventilation products used with heating appliances. Stadium pioneered the design of ventilators which can be installed using core drills, saving time and money. The Black Hole design is the most popular within an extensive range. Stadium Ventilation is a trusted name and its products are widely specified by local authorities, housing associations and gas appliance installers.

Rated 71,500 Btu/hr (21kw) with baffle / 92,000 Btu/hr (27kw) without baffle. Core 127mm (5") with 350mm tube length

Note: If additional elbows to those supplied in the High Level Flue Outlet kit are used, deduct the following resistances (metres) from the maximum boiler flue length.

Logic Combi, Logic+ Combi, Vogue Combi, Logic System, Logic+ System, Vogue System, Logic Heat, Logic+ Heat, Logic Code Combi, Independent Combi, Independent+ & Independent System
90° elbow - 1.4 45° elbow -1.25

These easy to install kits allow the boiler flue outlet to be extended, external to the building, upwards to provide a flue exit at high level, overcoming problems associated with plume emission.

An external 60mm diameter flue leads from the boiler terminal (simply replacing the standard flue terminal 'nose') to terminate with a 90° elbow complete with grille. Push fit one metre extension pipes are used as required, and the fixing clips supplied support the system from the wall. Both 90° and 45° elbows are available to provide routing options.

WE SIMPLY DELIVER MORE

MAKE **YOUR** JOB **EASIER** WITH

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

Maximum flue lengths*	ecoFIT pure combi	ecoFIT pure system	ecoFIT pure open vent
Boiler model	825/830/835	612/615/618/625/630	412/415/418/425/430/435
Standard horizontal 100mm diameter	10m		
Standard vertical 100mm diameter	25m		
Optional horizontal 125mm diameter	10m		
Optional vertical 125mm diameter	25m		

*Measured to the end of the horizontal/vertical air terminal
1 Maximum length of flue is reduced by 1.0m for each additional 87° elbow and by 0.5m for each additional 45° elbow
2 Optional boiler flue outlet adaptor (accessory 303926) will be required for ecoTEC plus 412, 415, 418, 428 and 438. However for all new ecoTEC 612, 615, 618, 624, 630, 637 and ecoTEC plus 825, 832, 838, 938, ecoTEC pro 25, 28 and 30, you will need the new 80/125mm plug in adaptor to increase the boilers' flue connection size. Maximum length of flue is reduced by 2.5m for each additional 87/90° elbow and by 1.0m for each additional 45° elbow

Optional Variable Termination Kit (VTK)

(For use with 100mm diameter high efficiency condensing flue system only). Allows plume vapour to be re-directed away from neighbouring properties. Kit fitted in place of removable flue terminal.

Examples of flue applications

	DESCRIPTION	F & P Code	PART No. (60/100 mm)
1	Boiler flue connection		
2	Balanced flue external wall connection (inc. wall bezels)	112510	7441467
3	Protective grille	112593	7337276
4	Balanced flue extension pipe		
	1.95 m long	112514	7373225
	1 m long	112513	7373224
	0.5 m long	112512	7373223
5	Balanced flue bend		
	87°	112586	7373226
	2 x 45°	112516	7373227
6	Horizontal flue terminal kit		
	(flue terminal 1 m, 2 x wall seals, 87° balanced flue bend	112510	7441467
7	Fixing clamp	112581	7176762
8	Balanced flue inspection tee 87°		
	or		
	Balanced flue inspection bend 87°		7373229
9	Balanced flue sliding coupling (optional)		7373236
10	Wall bezel		7176760
11	Balanced flue inspection piece straight (optional)		7373228
	External wall pack		
5	with Balanced flue bend 87° (7373226)		
12	Balanced flue air intake		7373234
13	Balanced flue outlet (with a high roof overhang above the roof)		
	Black	112580	7373230
	Terracotta		7373231
14	Universal roof tile		
	Lead free flashing black	112646	7452499
	Lead free flashing terracotta	112491	7452500
15	External wall terminal (for a short roof overhang)		7167753

Routing over an external wall

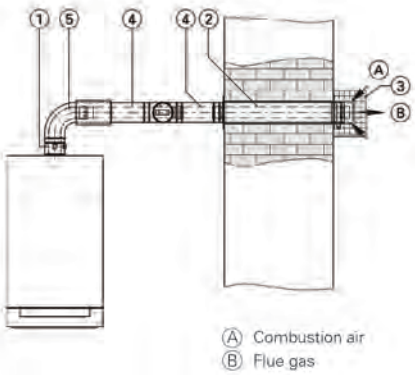

Ⓐ Flue gas
Ⓑ Combustion air
Ⓒ Step in the external wall routing for a short roof overhang

Vertical terminal for sloping or flat roofs

Ⓐ Ventilation air
Ⓑ Flue gas
Ⓒ (min.) 400 mm

Horizontal wall terminal

Ⓐ Combustion air
Ⓑ Flue gas

Boilers made better

Our extensive portfolio is designed and manufactured with quality in mind, providing heating and hot water solutions for all properties.

GAS BOILERS

Greenstar 4000 SimpleSwitch flue adaptor

CODE	DESCRIPTION	PART NO
FLUES & ACCESSORIES		
Standard Flues		PG.187
10716601	Standard Telescopic Flue & Terminal (350 - 570mm)	7738112869
108318	Standard Telescopic 100mm	7716191082
108296	Standard Horizontal 125mm	7719003702
108383	Standard Horizontal Flue Kit	7716191157
108381	Standard Telesopic Flue	7716191155
Non Standard Flues - 100mm		PG.187
107297	High Level Horizontal Flue Kit*	7733600048
108307	High Level Horizontal Flue Adaptor	7719002432
108306	Vertical Flue Kit	7719002430
108782	Long Telescopic Flue	7716191171
108382	Vertical Flue Kit	7716191156
108319	Telescopic Extension (960mm)	7716191083
108362	Short Flue Extension (220mm)	7716191133
108352	Elbow 90°	7716191084
108353	Elbow 45° x2	7716191085
108783	2m Flue Extension	7716191172
107821	Support Bracket	7716191177
108105	High Level Vertical Flue Adaptor	7716191164
107301	Support Bracket (x6)	7716191178
108317	Plume Kit	7716191086
10837001	4000 SimpleSwitch Flue Adaptor	7733601245
Non Standard Flues - 125mm		PG.187
108308	Vertical Flue Kit	7719002431
108309	High Level Horizontal Flue Adaptor	7719002433
108384	Vertical Flue Kit	7716191158
108140	Elbow 90°	7719003664
108138	Flue Extension	7719003666
108298	45° Elbow	7719003665
107822	Support Bracket	7716191179
108355	Pitched Roof Flashing	7716191091
108358	Flat Roof Flashing Kit	7716191090

Wireless Bosch EasyControl (Black) RF Heating System Care Pack

CODE	DESCRIPTION	PART NO
FLUES & ACCESSORIES		
Non Standard Flues - Silver		PG.187
10716701	Extension flue kit (960mm)	7738112871
10716801	Short flue extension (220mm)	7738112873

Diverter Valve Kits		PG.187
10836001	8000 Life and 8000 Style - 30kW & 35kW	7738112913
10836401	4000 - 12kW to 24kW	7733601251
107303	27i System Compact	7733600220
107304	30i System Compact	7733600221

See Greenstar Combi Controls - Only when optional diverter valve is used. Cannot be used on 'S' or 'Y' Plan Systems

*Controls are compatible with system boilers when installed with an integral diverter valve kit.
**For use with high level horizontal flue adaptor.

Wall-hung boilers – flue components

100MM DIAMETER		
	7 716 191 082	Standard telescopic flue & terminal (350 - 570mm)
	7 738 112 869	Silver standard telescopic flue & terminal (350 - 570mm)
	7 716 191 171	Long telescopic flue kit (570 - 790mm)
	7 719 002 430	Vertical 1,090mm BF kit (inc. adaptor)
	7 716 191 083	Extension flue kit (960mm)
	7 738 112 871	Silver extension flue kit (960mm)
	7 716 191 172	2m flue extension
	7 716 191 133	Short flue extension (220mm)
	7 738 112 873	Silver short flue extension (220mm)
	7 716 191 084	90° flue bend
	7 738 112 874	Silver 90° flue bend
	7 716 191 085	45° flue bend x 2
	7 738 112 875	Silver 45° flue bend
	7 719 002 432	High level horizontal flue adaptor
	7 733 600 048*	High level horizontal telescopic flue kit
	7 716 191 177	Support bracket kit
	7 738 112 876	Silver support bracket kit
	7 716 191 178	Support bracket kit (6 pack)
	7 716 191 090	Flashing – flat roof
	7 716 191 091	Flashing – pitched roof
	7 716 191 086	Plume management kit (60mm dia.)

*For use with high level horizontal flue adaptor.

125MM DIAMETER		
	7 719 003 702	Standard telescopic flue & terminal (405 - 600mm)
	7 719 002 431	Vertical 1,365mm BF kit (inc. adaptor)
	7 719 003 666	Extension flue kit (960mm)
	7 719 003 664	90° flue bend
	7 719 003 665	45° flue bend
	7 719 002 433	High level horizontal flue adaptor
	7 716 191 179	Support bracket kit
	7 716 191 090	Flashing – flat roof
	7 716 191 091	Flashing – pitched roof

Floor-standing boilers – flue components

100MM DIAMETER		
	7 716 191 155	Standard telescopic flue kit (310 - 530mm)
	7 716 191 156	Vertical 1,140mm BF kit (inc. adaptor)
	7 716 191 083	Extension flue kit (960mm)
	7 716 191 172	2m flue extension
	7 716 191 133	Short flue extension (220mm)
	7 716 191 084	90° flue bend
	7 716 191 085	45° flue bend
	7 716 191 164	Vertical flue adaptor
	7 733 600 048*	High level horizontal telescopic flue kit
	7 716 191 177	Support bracket kit
	7 716 191 178	Support bracket kit (6 pack)
	7 716 191 090	Flashing – flat roof
	7 716 191 091	Flashing – pitched roof
	7 716 191 086	Plume management kit (60mm dia.)

*For use with high level horizontal flue adaptor and flue adaptor part number 8 718 682 324 0. Also requires a flue clamp fitting part number 8 716 116 815.

125MM DIAMETER		
	7 716 191 157	Standard horizontal flue kit (965mm)
	7 716 191 158	Vertical 1,365mm BF kit (inc. adaptor)
	7 719 003 666	Extension flue kit (960mm)
	7 719 003 664	90° flue bend
	7 719 003 665	45° flue bend
	7 716 191 165	Vertical flue adaptor
	7 716 191 179	Support bracket kit
	7 716 191 090	Flashing – flat roof
	7 716 191 091	Flashing – pitched roof
	7 716 191 159	80mm flexible flue system (12m) – suitable for Greenstar FS CDi Regular range only

Plume management

Condensfit II™ plume management system

Part numbers
60mm dia. plume management kit

Comprises:
1 x terminal bend
1 x extension 500mm
1 x outlet assembly
1 x clamp pack

7 716 191 086

Accessories

COMPONENTS	PART NO.	DESCRIPTION
60MM DIAMETER		
	7 716 191 086	Plume management kit (60mm dia.)
	7 716 191 087	Extension (1,000mm) kit
	7 716 191 088	90º Bend
	7 716 191 089	45º Bend (pair)
	7 716 191 176	Plume management terminal guard round
	8 716 111 2750	Plume management clamp

For every 90º plume management kit bend deduct 1,500mm and 750mm for every 45º plume management kit bend.

CONCENTRIC FLUE OPTIONS (C TYPE)

HORIZONTAL WALL FLUE KIT.

EVOMAX HORIZONTAL CONCENTRIC FLUE APPLICATION ~ MAXIMUM LENGTHS AND PRESSURE DIFFERENTIALS						
Model	30/30P	40/40P	60/60P	80/80P	100	120
Max flue length (m)	42	42	7.5	12	14.3	17.6
Flue Size	80/125				100/150	
Wall flue kit No	213267				213269	

CONTENTS

- Boiler adapter + screws (x6)
- 90° elbow
- Terminal
- Locking collars (x2)
- Wall plates (x2)

EVOMAX 60 & 80 HORIZONTAL CONCENTRIC FLUES OF LONGER LENGTHS (LARGER FLUE DIAMETER)		
Model	60/60P	80/80P
Max flue length (m)	30	35
Flue Size	100/150	
Wall flue kit No	213268	

CONTENTS

- Boiler adapter + screws (x6)
- Increaser
- 90° elbow
- Terminal
- Locking collars (x2)
- Wall plates (x2)

VERTICAL ROOF FLUE KIT.

EVOMAX VERTICAL CONCENTRIC FLUE APPLICATION ~ MAXIMUM LENGTHS AND PRESSURE DIFFERENTIALS							
Model	30/30P	40/40P	60/60P	80/80P	100	120	150
Max flue length (m)	42	42	7.5	12	14.3	17.6	7.5
Flue Size	80/125				100/150		
Wall flue kit No	213264				213266		

CONTENTS

- Boiler adapter + screws (x6)
- Terminal
- Locking Collar
- Finishing plates (x2)
- Bracket

EVOMAX 60 & 80 VERTICAL CONCENTRIC FLUES OF LONGER LENGTH		
Model	60/60P	80/80P
Max flue length (m)	30	35
Flue Size	100/150	
Wall flue kit No	213265	

CONTENTS

- Boiler adapter + screws (x6)
- Increaser
- Terminal
- Locking Collars (x2)
- Finishing plates (x2)
- Bracket

OPEN FLUE OPTIONS (B TYPE)

EVOMAX VERTICAL CONCENTRIC FLUE APPLICATION ~ MAXIMUM LENGTHS AND PRESSURE DIFFERENTIALS							
Model	30/30P	40/40P	60/60P	80/80P	100	120	150
Max flue length (m)	65	70	25	22	20	49	32
Max flue press diff (Pa)	140	225	150	312	220	365	430
Flue Size	80/125			100/150			
Wall flue kit No	158662 + 158771 + 158769			158663 + 158772 + 158770			

CONTENTS

158662 / 158663

- Boiler adapter + screws (x6)
- Air inlet grille*

158769 / 158770

- Terminal

158771 / 158772

- Extension tube (x2)**

BOSCH

Introducing the Condens 7000 WP

With outputs from 50kW to 145kW, our commercial boiler series replaces the GB162 V2 and has been designed to save up to 60% on the average installation time compared to its predecessor**.

To learn more, please visit: **bosch-industrial.co.uk/condens7000**

H2
Hydrogen Blend Ready

5 YEAR Guarantee*

*Terms and Conditions apply. Please visit bosch-industrial.co.uk/guarantee-terms-and-conditions for details.
**Time savings estimated and observed during customer installation studies.

Primaflow F&P

WE SIMPLY DELIVER MORE

MAKE **YOUR** JOB **EASIER** WITH

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

ADEY

Don’t compromise

Fit *MagnaClean*®

More magnetic capture

Wider spaced inlet and outlet means water spends more time in the canister, therefore more time for magnetite to be captured.

No need to drain down

With isolation valves and quick release function there is no need to drain down the system.

No need for top clearance

Unique quick-release system is great for tight spaces. Easily remove the filter to service with minimal clearance required above and below the filter.

Install in any orientation

360° isolation valves gives the flexibility to install in multi-pipework orientations, horizontally or vertically.

Easy servicing

Individual serviceable parts mean no need to replace entire unit, plus the cannister can be used as a dosing pot.

Reduced heat loss

Extra thick 5mm canister walls reduce heat loss and increase life of the filter.

Longer-lasting seals

EPDM rubber seal reduces compression impact (springs back and recovers), giving excellent high temperature resistance and heat ageing properties.

Peace of mind

Extra o-ring on serviceable parts (vent and drain valve) gives extra peace of mind should one need replacing.

Scan to see the full range

When you fit an ADEY *MagnaClean* filter, you can be assured you are providing a high quality filter designed to effectively protect your customers’ heating system. After all, our reputation is your reputation.

Sentinel Solutions

Sentinel have been providing water treatment solutions in the UK since 1988, consistently delivering quality and reliability to customers.

We offer all that you and your customers need to keep heating systems running smoothly and at maximum efficiency.

Our range of additives, system filters, scale protection and more give the best possible protection for heating, hot water and renewable energy systems.

Why is water treatment important?

Approximately 87% of boiler call outs are to systems without correct water treatment!

87%

Did you know?

A central heating system that is correctly treated using Sentinel products can be typically 15% more effective than a dirty system!

+15%

The Sentinel System

Clean, **Protect** and **Maintain** is a simple way to remember what Sentinel products offer as well as a **best practice process** reminder.

Help your customers to comply with guidelines by offering Sentinel solutions.

Clean

to prepare for greater performance

Protect

to prolong system life and efficiency

Maintain

to ensure durable protection

More efficiency by ensuring the return temperature to a boiler is below 55°C

RAS-B²

The **simple** solution to **efficient heating**

Unbalanced heating systems are a constant source of frustration for end users and call backs for heating installers. Noisy radiators, uneven heat distribution, excessive heating bills, and energy waste are all consequences of inefficient and wasteful systems.

With a 2-in-1 design that combines a thermostatic radiator valve and a hydronic balancing valve in a single product, the **'self balancing' RAS-B²** from Danfoss gives you the ability to simply and cost-effectively solve these issues while increasing your customers' comfort and satisfaction.

Wiser™

Drayton
by Schneider Electric

Complete home heating

Wiser Thermostat Kit 1

One channel smart thermostat kit suitable for combi boilers, easy to install on standard wallplate. Add Wiser Radiator Thermostats for multi-zoning. Control on the move via the Wiser Home app.

Manufacturer Product Code
WT714R9K0902

Wiser Thermostat Kit 2

Two channel smart thermostat kit suitable for system boilers, easy to install on standard wallplate. Add Wiser Radiator Thermostats for multi-zoning. Control on the move via the Wiser Home app.

Manufacturer Product Code
WT724R9K0902

Wiser Thermostat Kit 3

Three channel smart thermostat kit suitable for system boilers with two heating zones, easy to install on standard wallplate. Add Wiser Radiator Thermostats for multi-zoning. Control on the move via the Wiser Home app.

Manufacturer Product Code
WT734R9K0902

Wiser Multi-zone Kit 1

One channel smart multizone kit suitable for combi boilers. Easy to install on standard wallplate. Maximise comfort with individual room control via Wiser Radiator Thermostats. Control on the move via the Wiser Home app.

Manufacturer Product Code
WV714R9K0902

Wiser Multi-zone Kit 2

Two channel smart multizone kit suitable for system boilers. Easy to install on standard wallplate. Maximise comfort with individual room control via Wiser Radiator Thermostats. Control on the move via the Wiser Home app.

Manufacturer Product Code
WV724R9K0902

*ErP Class varies depending on boiler type. ErP shown refers to either a Modulating Boiler or an On/Off Boiler.

Expand your smart home

Wiser Radiator Thermostat

Can be added to any Drayton Wiser kit to build a full multi-zone system. Compatible with most standard radiator valves. Control on the move via the Wiser Home app.

Manufacturer Product Code
WV704R0A0902

Wiser Room Thermostat

Add to rooms with radiator thermostats as a master control, underfloor heating for zone control or electrical heat switch for temperature control. Works with all Wiser kits.

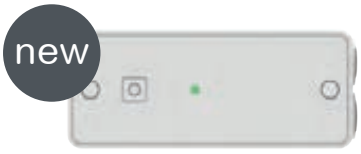

Manufacturer Product Code
WN704R0S0902

Wiser Plug

Add up to 10 smart plugs to any system to enable remote scheduling of your home electrical appliances via the Wiser Home app. Also acts as a range extender for Wiser devices. Also acts as a range extender for Wiser devices.

Manufacturer Product Code
WB704H1A0902

Wiser Electrical Heat Switch

Add the device to your existing Wiser system to control a single zone of hydronic UFH or electric UFH, electric radiators and towel rails all via the Wiser Home app. Wiser Thermostat required for temperature control.

Manufacturer Product Code
WE714U1A0902

Wiser Underfloor Heating Controller

Control up to 6 zones of hydronic UFH in addition to radiators via the Wiser Home app. Add Wiser Thermostat for zone control.

Manufacturer Product Code
WF762F1A0902

megaflo
BY HEATRAESADIA

Megaflo cylinders aren't just easy to fit, they're easy to recommend.

The Obvious Choice

Precision engineered in Britain. Powerful, yet energy efficient. With fast heat recovery and a flow rate up to 76 litres per minute, they'll deliver all the hot water your customer needs.

When it comes to recommending a hot water cylinder, Megaflo is the obvious choice.

WE SIMPLY DELIVER MORE

MAKE **YOUR** JOB **EASIER** WITH

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

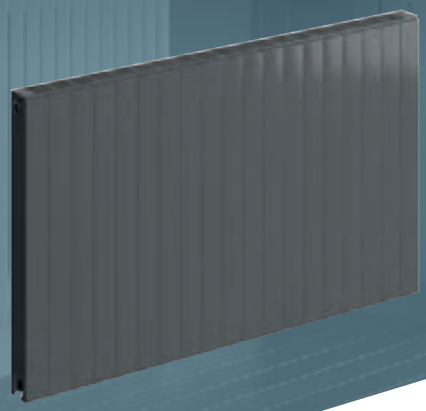

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

WE SIMPLY DELIVER MORE

HOW TO ORDER

Place your order for any product, at any time by contacting one of our friendly local sales office, or by simply placing your orders online at **www.primaflowfandp.co.uk**

SALES OFFICE

Bangor	02891 274 883
Bedford	01234 845 600
Chorley	01257 238 100
Poole	01202 733 510
Wakefield	01924 288 700

Order online at: www.primaflowfandp.co.uk

Get access to over **18,000 products** and prices online. With live stock availability, ordering your products has never been easier.

Start ordering now!

To register for a web account, visit **www.primaflowfandp.co.uk/register**, and complete the form. You will need your account number to hand.

Within 72 hours of registering you will be granted access to start reaping the benefits of online ordering with Primaflow F&P.

ORDER **ONLINE** BY **5PM** FOR NEXT **DAY** DELIVERY

REGISTER NOW TO BENEFIT FROM:

- **Live stock availability**
- **Access to over 18,000 products**
- **Live pricing on each product**
- **Continuously updated technical information**

Primaflow F&P

WE SIMPLY DELIVER MORE

MAKE **YOUR** JOB **EASIER** WITH

WHY ORDER ONLINE?

See the prices you pay at a glance
View your buying price, manufacturer list price and discount in one.

Check up-to-date stock levels
See live stock levels from your local branch.

Place an order after 5pm
Using the website to place orders allows you to do so at a time that suits you.

Invoice to Inbox
Review your order instantly with order confirmation emails sent as soon as you place the order online' This allows you to easily keep track of not just what you have ordered, but how many and the value of your order.

Enhanced product details
From manufacturer guarantees, features and benefits. The website holds a wealth of product information and technical detail, so you can answer customer questions easier and find the right product for their project.

www.primaflowfandp.co.uk

It's **quick**, **easy** & **convenient**

1. **VISIT**
   primaflowfandp.co.uk/register
2. **REGISTER**
   Complete the registration form! You will need your account number to hand
3. **ORDER**
   Start browsing! Your account will be approved within 24 hours of registering

Everything you need all in one place:

SEE **YOUR** PRICE
CHECK OUR **STOCK**
ORDER **ONLINE**

SIGN UP TODAY!

Really all you need is your **Primaflow F&P account code,** the rest is an **email address and your personal information.** If you've never used the site before, registering is easy, and you could be up and running the next day.

www.primaflowfandp.co.uk

FIRES

We have a comprehensive range of solid fuel, gas and electric stoves, stunning and realistic electric fires and gas fires from the nation's favourite brands.

Fantastic service is at the heart of our business and we aim to have the fire you want in stock.

Laverton

Creating the illusion

Optiflame 3D is the latest in flame technology from Dimplex. Creating a realistic and captivating 3D flame effect it gives the power of choice. Add a blue flame for cool, calm vibes or choose a deep orange for a glorious glow. Adjust the flame brightness and downlighting to enhance the drama and the fuel bed can be customised to enrich the luminosity of the fuel bed.

Optiflame 3D is available across a range of designs with a host of features which are all controlled by the touch of a button.

DIMPLEX APPROVED SHOWROOMS

We appreciate that choosing a new fire can be an important decision, which is why we want customers to be able to see a variety of fires and actually touch, try and see the realism of the flame effect for themselves.

To give customers every confidence that they are buying the right fire, the **Dimplex Display and Demonstrate Approved network** has been created, which is available across the UK for approved retailers.

Dimplex Centres have a **minimum of four fires** on display including at least one from the Opti-myst range.

Dimplex CentrePlus retailers have a **minimum of seven fires** on display including at least three from the Opti-myst range.

The Display and Demonstrate range is only available for viewing, demonstration and purchase from approved retailers with showroom premises. Retailers' details for approved Dimplex Display and Demonstrate outlets are available on the Dimplex website.

Valor Excelsior Dimension Inset Gas Fire

VALOR APPROVED SHOWROOMS

Choosing the right new fire for a customer and getting the right advice is important which is why we want customers to be able to see a variety of fires and actually touch, try and see the realism of the flame effect for themselves.

To give customers every confidence that they're buying the right fire, the **Valor Centre Approved Network** has been created and is available across the UK for approved retailers.

Valor Centres have a **minimum of three** fires on display, and **Valor Centre+** retailers have **five fires on display**, including at least one model from the Inspire Collection.

Only **Valor Centres** that display one of the impressive **Inspire Collection** gas fires are able to sell the Inspire range to customers.

The

INSPIRE

COLLECTION

Inspire 1000 Fireslide with edge trim in anthracite, mirrored glass liner and oak logs

Valor Inspire Range

The Inspire Collection is exclusively available only through the **Valor Centre network** and only to approved retailers. The collection offers a choice of **five** high quality gas fires which all bring a touch of luxury into customer's living rooms. Customers can choose from **Inspire 400, 500, 600, 800 and 1000** models, each with a wide range of design options, innovations, performance features and easy installation and servicing.

The 500, 600 800 and 1000 models are each available with a choice of liners, logs and trim effect. Available with two fuel beds, five ceramic back liners and two trim designs, each in a choice of four colours.

The 500, 600 and 800 models also come with a choice of two suites for each model. Inspire gas fires from Valor can even be purchased with a frameless kit which requires no trim.

The 400 is the first inset model in the Inspire range, offering a choice of three back liners, two trims each available in three sided or four sided designs as well as a choice of three luxurious suites.

For the ultimate in convenience all fires in the Inspire collection also come with Valor's unique Fireslide control, a first of its kind for premium gas fires. Plus the 500, 600, 800 and 1000 models are also support the option for an advanced remote control which offer a wider host of features.

TERMS AND CONDITIONS

Sale Terms: Primaflow F&P
November 2022

Your attention is in particular drawn to terms 4 and 9.

If you are a consumer (as defined by the Consumer Transactions (Restrictions on Statements) Order 1976) we recognise that you may have additional rights under statute if we fail to carry out our obligations to you and for the return of defective goods and confirm your statutory rights are not affected by these terms.

1. Definitions and Interpretations
1.1 In these terms "we" or "us" means Primaflow Limited trading as Primaflow F&P; "you" means the person, firm or company who purchases the goods and/ or services from us; and "our" and "your" shall be construed accordingly and "contract" means any order which has been accepted by us
1.2 References to any statutory provision shall include (i) any subordinate legislation made under it (ii) any provision which it has modified or re-enacted and (iii) any provision which subsequently supersedes it or re-enacts it.

2. Application of Terms
2.1 These terms apply to all sales of goods and/or services by us to the exclusion of all other terms (including any which you purport to apply) unless expressly agreed in writing in advance by one of our Directors.
2.2 Each order or acceptance of a quotation for goods and/or services by you shall be deemed to be an offer by you to buy goods and/or services subject to these terms. No order or acceptance of a quotation by you shall be deemed to be accepted by us until written confirmation of order is issued by us or (if earlier) we begin to process your order. We shall be entitled to withdraw any quotation at any time (whether or not already accepted by you).
2.3 You acknowledge that you have not relied on any statement or representation made or given on our behalf. Any estimate of quantities needed, advice as to the suitability of any goods for a particular purpose and any plan or measurement given by us is given for guidance only (based on your information) and without liability on our part. No allowance is made by us for additional materials, wastage or installation. You must satisfy yourself that all goods and/ or services ordered are correct.
2.4 Any typographical error or clerical omission in any sales literature, quotation, price list or other document issued by us may be corrected without liability on our part.

3. Description of Goods
3.1 The quantity and description of the goods are set out in our quotation or confirmation of order. We may supply goods in either metric or imperial sizes in the nearest equivalent measure and goods may be charged in metric allowing for conversion.
3.2 All samples, drawings, descriptive matter, specifications and advertising are issued or published for the sole purpose of giving an approximate idea of the described goods. They shall not form part of the contract and this is not a sale by sample. Each order shall be considered a separate order and we are unable to guarantee that further orders for the same goods will match the previous order.
3.3 Where fine or special tolerances are required in the goods supplied beyond those generally accepted in the building trade, no liability shall attach to us unless such tolerances are notified in writing to us at the time of order and we have acknowledged in writing that we are prepared to accept such order.

4. Delivery of Goods
4.1 Unless otherwise agreed by us, delivery of the goods shall take place at our place of business. Delivery shall occur when you take possession of the goods at our premises or (where we agree to deliver) when the goods are ready for unloading at the delivery address
4.2 Any dates and times we specify for delivery of the goods are an estimate. We shall not be liable to you if we do not deliver on or at any particular date or time. Time for delivery shall not be made of the essence by notice.
4.3 If you fail to accept delivery of any goods when they are ready for delivery, or we are unable to deliver the goods because you have not provided appropriate instructions, documents or consents, we shall be entitled to immediate full payment and risk in the goods shall pass to you. We may store such goods until delivery and you shall be liable for all related costs and expenses arising from such non delivery including transport and storage costs. If you fail to accept delivery of the goods within 6 months of the date of contract, we may sell or dispose of those goods (whether or not you have paid for them). Storage or disposal costs shall be recoverable from you. Any net proceeds of any sale shall be held on trust for you
4.4 We will deliver to site provided that there is a suitable road to the point where delivery is requested. If no such road exists, delivery will be made to the nearest point at which, in the driver's opinion, the vehicle can safely and lawfully unload. Except where we use a vehicle-mounted crane/fork truck, you shall be responsible
for safely and lawfully unloading the goods and shall provide all necessary labour and equipment. We may charge you an additional fee if you delay in taking delivery of the goods when tendered. If any goods, packaging or container has been delivered and deposited, whether on the public highway or elsewhere, you shall be responsible for all steps that need to be taken for the protection of persons or property in relation to such goods, packaging or containers and shall indemnify us in respect of all or any costs, claims, losses or expenses which we may incur as a result of such delivery.
4.5 We shall not be liable for any shortages in quantity delivered unless you give written notice to us of such shortages within two working days of delivery. In any event our liability shall be limited to making good the shortfall or (at our option) issuing a credit note or refund at the pro rata contract rate against any invoice raised for such goods.
4.6 We may deliver the goods by separate instalments. Each instalment shall be a separate contract and cancellation or termination of one instalment shall not entitle you to cancel any other instalment.
4.7 Any query about delivery shall be made as soon as possible and in any event within twenty eight days of the date when the goods would in the ordinary course of events have been delivered else the goods shall be deemed to have been delivered in accordance with the contract.
4.8 We shall not be responsible for taking back any non-chargeable packaging/pallets.
4.9 The cost of any testing of the goods that we deem is necessary whether or not in your presence, will be charged to you, unless prior written agreement has been obtained from us. If you (or your representative) delay in attending such tests, after seven days' notice of the place and time of such tests, the tests will proceed in your absence and shall be deemed to have been carried out in your presence.

5. Risk and Ownership of Goods
5.1 The goods are at your risk from the time of delivery or deemed delivery.
5.2 Ownership of the goods shall not pass to you until we have received in full (in cleared funds) all sums due to us in respect of the goods and all other sums which are or become due to us from you on any account or (if later) the time of delivery.
5.3 Until ownership of the goods has passed to you, you shall hold the goods on a fiduciary basis as our bailee and store the goods (at no cost to us) in satisfactory condition and in such a way that they remain readily identifiable as our property and you shall tell us immediately where the goods are situated.
5.4 Subject to 5.5, you may resell the goods before ownership has passed to you provided that any sale shall be effected in the ordinary course of your business at full market value and you shall deal as principal; you shall hold all proceeds of sale on trust for us and assign to us all rights and claims which you may have against your customer arising from such sales until full payment is made.
5.5 Your right to possession of, and authority to sell the goods shall terminate immediately (and you shall immediately deliver the goods to us at your cost and risk) if we notify you to such effect or on the happening of any event set out in 10.3(a)-(i) (whichever is earlier) and you shall immediately notify us in writing upon the happening of any such event.
5.6 You grant to us and our agents an irrevocable licence at any time to enter any premises (with and without vehicles) where the goods are or may be stored in order to inspect them or, where your right to possession has terminated, to recover them.
5.7 Where we are unable to determine whether any goods are the goods in respect of which your right to possession has terminated, you shall be deemed to have sold all goods of the kind sold by us to you in the order in which they were invoiced to you.

6. Provision of Services
6.1 Where the goods supplied include services by us, our agents or subcontractors, you shall (where necessary) allow us safe and reasonable access to the site within our normal working hours to carry out the services.
6.2 The price quoted for such services assumes that:
(a) the site is ready and suitable for the services to commence at the agreed time;
(b) the services are to be carried out within our normal working hours;
(c) suitable site access is available at all times; and
(d) adequate mechanical lifting equipment is provided by you in the event that the services are to be carried out above ground level.
If any of these assumptions proves incorrect, we shall be entitled to vary the price.
6.3 You shall provide a safe environment and all necessary consents, information, and resources for us, our agents and subcontractors to carry out the services.
6.4 In relation to any installation services, you are responsible for insuring the goods (whether before or after installation) and shall notify your insurers that we will be carrying out such services on site. You must protect carpets, furniture and all other items.
6.5 Any dates and times we specify for commencement and completion of the services are an estimate. We shall not be liable if we do not carry out the services on or at any particular date or time. Time for performance shall not be made of the essence by notice.
6.6 If we provide design services, all copyright and other intellectual property rights created, developed or used shall remain the sole property of us or our licensors.

7. Price and Additional Charges
7.1 Unless we otherwise agree in writing, the price payable for the goods and/or services shall be the price applicable on the date of delivery or deemed delivery for goods and the date the services are carried out for services.
7.2 The price for the goods and/or services shall be exclusive of any value added tax, which shall be payable by you at the rate applicable at the tax point
7.3 We may at any time after acceptance of an order, but prior to delivery, revise the price payable for the goods and/or services to take account of increases in costs including, without limitation, costs of any goods or materials, carriage, labour or overheads, the increase or imposition of any tax duty or other levy and variation in exchange rate.
7.4 Unless we otherwise agree in writing, we may charge you the cost of delivering the goods to you.
7.5 We may charge for any special packaging to cover the cost of labour and materials. We will charge for pallets, crates and cases but these charges will be credited in full if such items are returned to us carriage paid and in good condition within seven days of delivery. Where we agree to collect such pallets, crates and cases, you shall make such items available for collection on request.

8. Payment and Interest
8.1 Payment for goods and/or services supplied on a credit account shall be due not later than the last day of the month following the month of delivery or deemed delivery of the goods and/ or services. If you default in making payment, the entire balance of your account shall be payable immediately and we may charge interest, together with costs and expenses, in accordance with 8.4.
8.2 For non credit account purchases, payment shall be with the order or, at our discretion, on delivery or deemed delivery.
8.3 Time for payment shall be of the essence. You shall make all payments in pounds sterling and in full without any deduction.
8.4 If you fail to pay us any sum due (and whether or not any part of your account is subject to query), we may, in addition to our rights under 10.3, appropriate any payment made by you to such of the goods and/or services (or such goods or services supplied under any other contract between you and us) as we may think fit; and you shall be liable to pay us interest on such sum at the annual rate of 4% above the base lending rate from time to time of the Royal Bank of Scotland Plc, accruing on a daily basis, or, at our option, interest in accordance with the Late Payment of Commercial Debts (Interest) Act 1998 (as amended and supplemented by the Late Payment of Commercial Debts Regulations2002) from the due date for payment until payment is made in full, whether before or after any judgment, together with all costs and expenses incurred by us in recovering sums due or exercising our rights under this provision, including our debt recovery fees at a rate of 6% of the total amount outstanding.
8.5 Credit accounts may only be opened at our discretion and are subject to satisfactory references. We may set a maximum amount of credit allowable upon each account and withdraw credit facilities without explanation. You agree that we may obtain, retain, and provide to third parties, references as to your financial standing. Any change in the constitution of your organisation must be notified to our Head Office Credit Services Department in writing prior to it occurring in order that credit facilities to the reconstituted organisation may be put in place, subject always to our discretion and our confirmation in writing. Until new credit facilities are agreed, the existing entity and any new entity shall be jointly and severally liable for any debt due to us.

9. Liability
9.1 If any goods or services are defective due to defective workmanship or material, we shall (at our option) repair or replace such goods (or the defective part) or rectify the defective service or refund the price of such defective goods or services at the pro rata contract rate provided that:
(a) you give us written notice of the defect within seven days of the date of delivery or completion of the services or, in the case of a defect which is not discoverable upon reasonable examination, within seven days of the time when you discover or ought to have discovered the defect (and in any event within twelve months from the date of delivery or completion of the services);
(b) we are given a reasonable opportunity after receiving notice to examine such goods and/or services (in situ) and (if asked to do so by us) you return such goods to our place of business for the examination to take place there;
(c) you do not make any further use of such goods after giving such notice; (d) the defect is not due to wilful damage, negligence (other than ours), fair wear and tear, alteration or repair of such goods without our prior written consent or incorrect storage, application, movement, installation, commissioning, use or maintenance of the goods (other than by us); and
(e) the defect is not due to any act or omission of you, your agents or contractors.
9.2 Our entire liability for defective goods and services is set out in 9.1 and in particular we shall not be responsible for either the cost of removing the goods from any place where they are installed or fixed (or making good the place after removal) or for the cost of installing or fixing any repaired or replacement goods unless due to our defective service.
9.3 On request, we will provide information about any manufacturer's guarantee offered and available to you in respect of the goods but we are not legally responsible for any obligation under manufacturer's guarantees. Where the goods contain a warranty or guarantee offered by us please refer to the special conditions applicable on our website or available upon request.
9.4 Save as expressly set out in these terms, all warranties and other terms implied by statute or common law (save for the term implied as to title) are, to the fullest extent permitted by law, excluded from the contract.
9.5 Our total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the contract shall be limited to the contract price.
9.6 We shall not be liable to you for any pure economic loss, loss of profit, loss of business, depletion of goodwill or loss of anticipated savings, in each case whether direct, indirect or consequential, or any other indirect losses whatsoever and howsoever caused.
9.7 Nothing in these terms excludes or limits our liability for (a) death or personal injury caused by our negligence, (b) fraud or fraudulent misrepresentation; and (c) any other matter which it would be illegal for us to exclude.
9.8 Where goods are manufactured in compliance with any designs, specifications or drawings supplied by you or your customer, you shall indemnify us against all proceedings, costs, claims, losses or demands in respect of any infringement or alleged infringement of any intellectual property rights whatsoever of third parties in any part of the world.

10. Cancellations and Returns
10.1 We may, at our discretion, accept or reject the cancellation of any contract or the return of any goods not required. Any such cancellation or return shall be on such terms as we specify and in particular we may charge you a handling fee and all costs incurred on cancelled Orders.
10.2 Where you are a "consumer" under a "distance contract" (both as defined in the Consumer Contracts (Information, Cancellation & Additional Charges) Regulations 2013) you may cancel a contract within fourteen (14) working days after the date the goods are delivered. You must return the goods to the branch from which they were delivered or request us to collect the goods, at your cost. This term shall not apply to any goods specially obtained or made for you or which are liable to deteriorate or expire rapidly. Any refund will only include standard delivery charges (where relevant).
10.3 We shall be entitled to cancel or suspend a contract if you fail to pay us any sum due pursuant to the contract (whether or not any part of your account is subject to query) or any of the following events occurs or we believe is likely to occur:
(a) you have a bankruptcy order made against you or make an arrangement or composition with your creditors, or otherwise take a benefit for the relief of insolvent debtors; or
(b) you convene a meeting of creditors or enter into liquidation; or
(c) you have a receiver and/or manager, administrator or administrative receiver appointed over your undertakings or any part; or
(d) a resolution is passed or a petition presented to any court for your winding-up or for the granting of an administration order in your respect, or any proceedings are commenced relating to your insolvency or possible insolvency; or
(e) you suffer or allow any execution, whether legal or equitable, to be levied on your property or obtained against you; or
(f) you are unable to pay your debts within the meaning of section 123 of the Insolvency Act 1986 or you cease to trade; Or
(g) any event similar to the above occurs; or
(h) you fail to observe or perform any of your obligations under the contract or any other contract between us and you; Or
(i)you encumber or in any way charge any of the goods.

11. Health and Safety
Certain goods supplied by us could, if incorrectly used, give rise to risks to health and safety. Information in respect of such goods is available from us. You undertake that you will ensure compliance by your employees, agents and customers with any instructions given by us or the manufacturer or our supplier and will take any other steps or precautions, having regard to the nature of the goods, as are necessary to preserve the health and safety of any person handling, using or disposing of them.

12. Waste
You will be responsible for the disposal of any waste arising from the goods and will comply with all applicable laws, regulations and waste management licences relating to such waste, including the appropriate disposal by you of any goods marked with a crossed out wheelie bin symbol, save where you are a consumer and it is our responsibility at law. You will indemnify us against all costs, claims, liabilities and expenses arising from any breach by you of this provision.

13. Force Majeure
We may defer the date of delivery, cancel the contract or reduce the volume of the goods and/or services ordered by you (without liability to you) if we are unable to deliver or supply due to any cause beyond our reasonable control (including the acts or omissions of our suppliers and subcontractors).

14. Export / Overseas Contracts (if applicable)
In relation to goods sold outside the UK, the Channel Islands and the Isle of Man, risk in the goods shall pass to you when they leave our premises. Shipping and insurance shall be payable by you but will be managed by us unless otherwise agreed. You are responsible at your own expense for obtaining any licence and complying with any export or import regulations in force within the UK and any country for which the goods are destined. Certain goods imported from the United States of America by us are subject to specific restrictions. We reserve the right not to supply certain customers or countries and to require from you full details of the end use and final destination of the goods.

15. Compliance with Bribery Legislation
You agree that you will not, in connection with the goods or services to be supplied under this contract, bribe or attempt to bribe us, or any of our employees, agents or affiliates nor cause us to be in violation of any applicable bribery or anti money laundering laws. We may terminate the contract in the event of your breach of this clause. You shall indemnify us against all liabilities, costs, expenses, damages, claims, demands and losses suffered or incurred by us arising out of or in connection with any breach of this clause, whether or not the contract has been terminated.

16. General
16.1 Any notices given pursuant to or in relation to the contract shall be in writing and addressed to the party concerned at its principal place of business or last known address. Any notice shall be deemed delivered two days after posting or on the next working day after fax transmission.
16.2 Any provision of the contract found to be invalid or unenforceable shall, to such extent, be deemed severable and the remaining provisions of the contract shall continue in full force and effect.
16.3 Failure or delay by us in enforcing any contract term shall not be construed as a waiver of any of our rights under the contract.
16.4 You shall not be entitled to assign or subcontract any of your rights or obligations under the contract.
16.5 Save for any member company of the Travis Perkins plc Group who shall be entitled to enforce any provision of the contract, no person who is not a party to the contract shall have a right to enforce any term of the contract which expressly or by implication confers a benefit on that person.
16.6 Any dispute or claim arising in connection with the contract shall be governed by English law and the parties submit to the exclusive jurisdiction of the English courts, save that if you are domiciled in Scotland (within the meaning of the Civil Jurisdiction and Judgments Act 1982) then the contract shall be construed in accordance with Scottish law and shall be subject to the exclusive jurisdiction of the Scottish courts.
